

# Making the Change

## WHAT PROVIDERS NEED TO KNOW ABOUT SELF DIRECTED SUPPORT

### A one day masterclass with Patti Scott, Executive Director of Neighbours, Inc of New Jersey, USA

**MARCH 14<sup>TH</sup> 2008, LONDON**

Neighbours, Inc offer a unique opportunity as a case study of an organisation working with individual budgets and self directed support. For organisations that want to know:

- how does it work?
- what changes do we need to make?
- should we offer brokerage?
- what type of organisation will we become?
- can we be financially viable?
- how do we manage the change?

this masterclass gives an opportunity to hear Neighbours, Inc's story and discuss with the Executive Director what it has meant for them and the lessons that this might offer for you.

This masterclass is aimed at Chief Executives, Directors and Senior Managers of service providers in social care. There will be no more than 25 places at this masterclass and immediate booking is recommended.

#### **About Neighbours, Inc**

Neighbours is one of the USA's most innovative organisations providing a range of supports to people with individual budgets and brokerage services to people looking for help with spending their money. They work in New Jersey and have developed their whole structure, systems and practice around Individualised Budgets, with a very flat structure, low overheads and flexible arrangements around each person.

*The price of the masterclass is £250 plus VAT, which includes light refreshments and lunch.*

**You can only book online for this masterclass at**
